

### Characteristic

Low power consumption LED MR16 and GU10 operating at universal voltage.  
 Direct replacement of halogen MR16 and GU10  
 Available in cool and warm white.  
 Color rendering >80

Long life span: 25000 hours, 20 times longer than halogen  
 The new optical design, multi reflector and softer light effect  
 Good heat dissipation, built-in precision driver, flicker-free and safe

Code	Voltage	Wattage	Cap	Beam angle	Ra	Color Temperature	Lumen Output
IO-401081	120/230V	6W	GU10	35°	>80	2700-6500	400lm
IO-401082	12V	6W	GU3.5	35°	>80	2700-6500	400lm
